

Laughing Potions

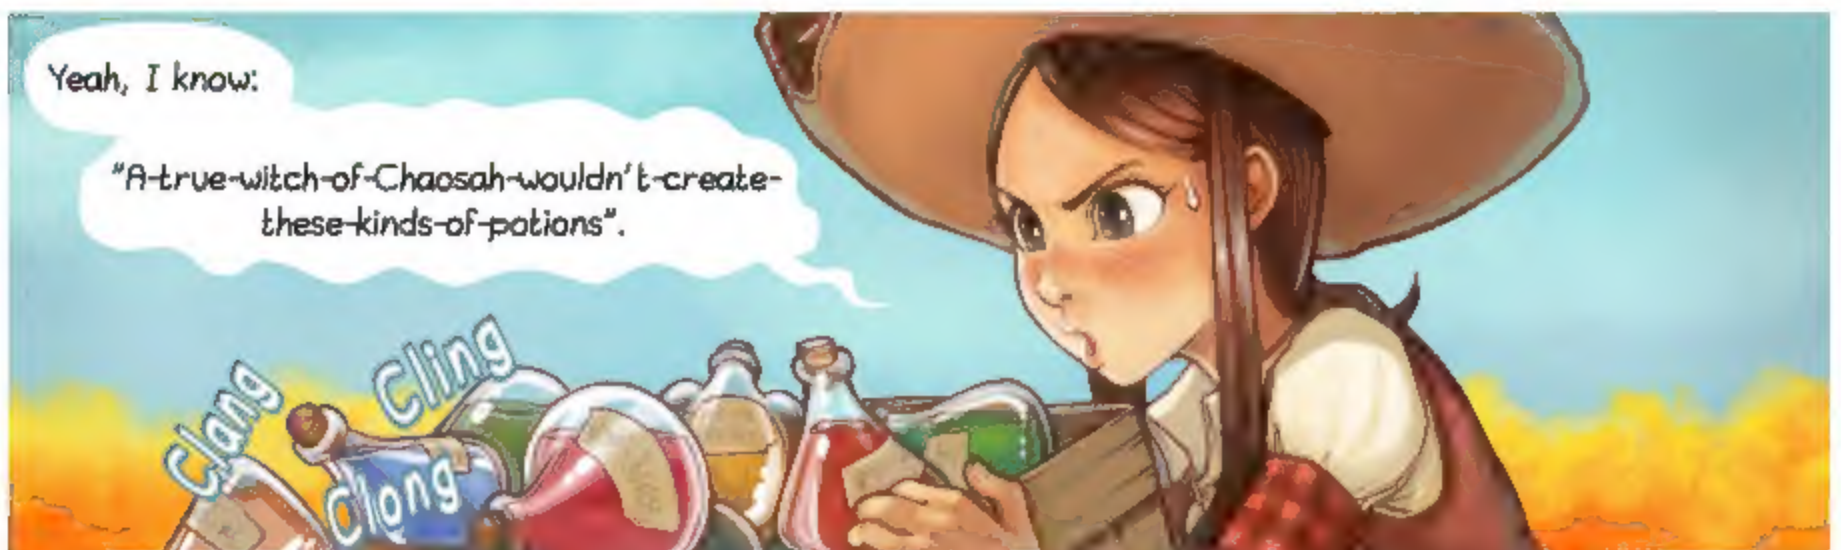

Mega-Hairgrowth Potions

Stink-bubble Potions

"Bright-Side" Potions

Smoke Potions...

... to name just  
a few!

Yeah, I know:

"A-true-witch-of-Chaosah-wouldn't-create-  
these-kinds-of-potions".

Exactly.  
As well it should be.

I need to go to the  
market in Komona.

Make all this disappear  
while I'm gone;  
it wouldn't be good for  
little jokers to find it and  
play around with it.

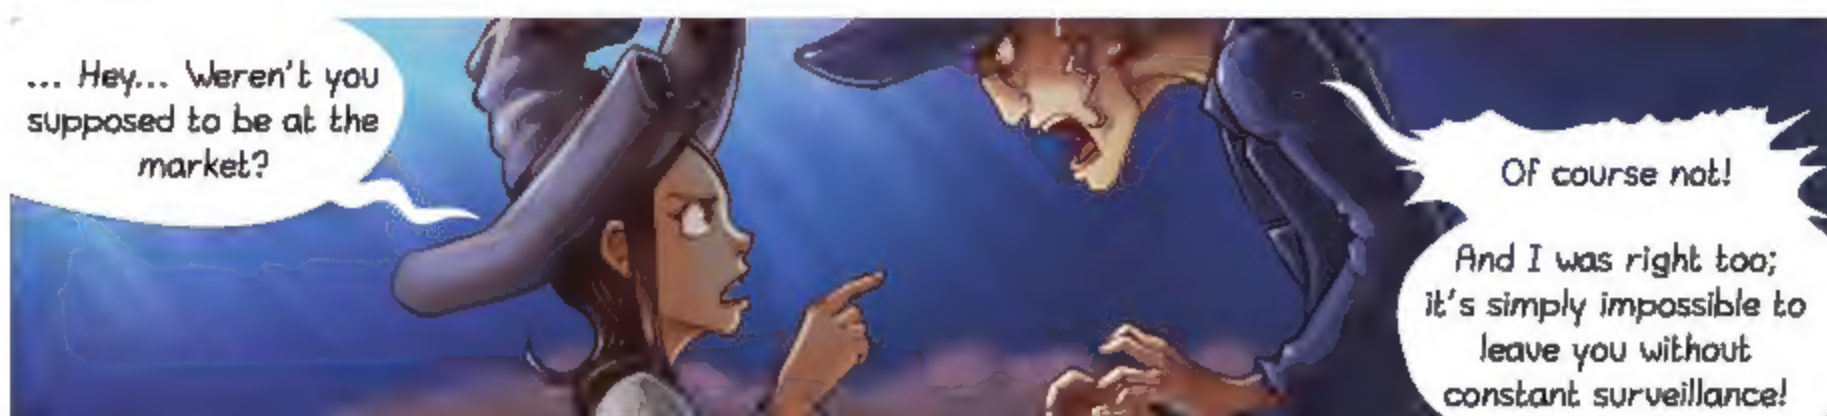

GURGES ATER!

... A Chaosahn  
Black Hole?!...

?!

... That's really what  
you understand by:  
"don't use magic"?

... Hey... Weren't you  
supposed to be at the  
market?

Of course not!

And I was right too;  
it's simply impossible to  
leave you without  
constant surveillance!

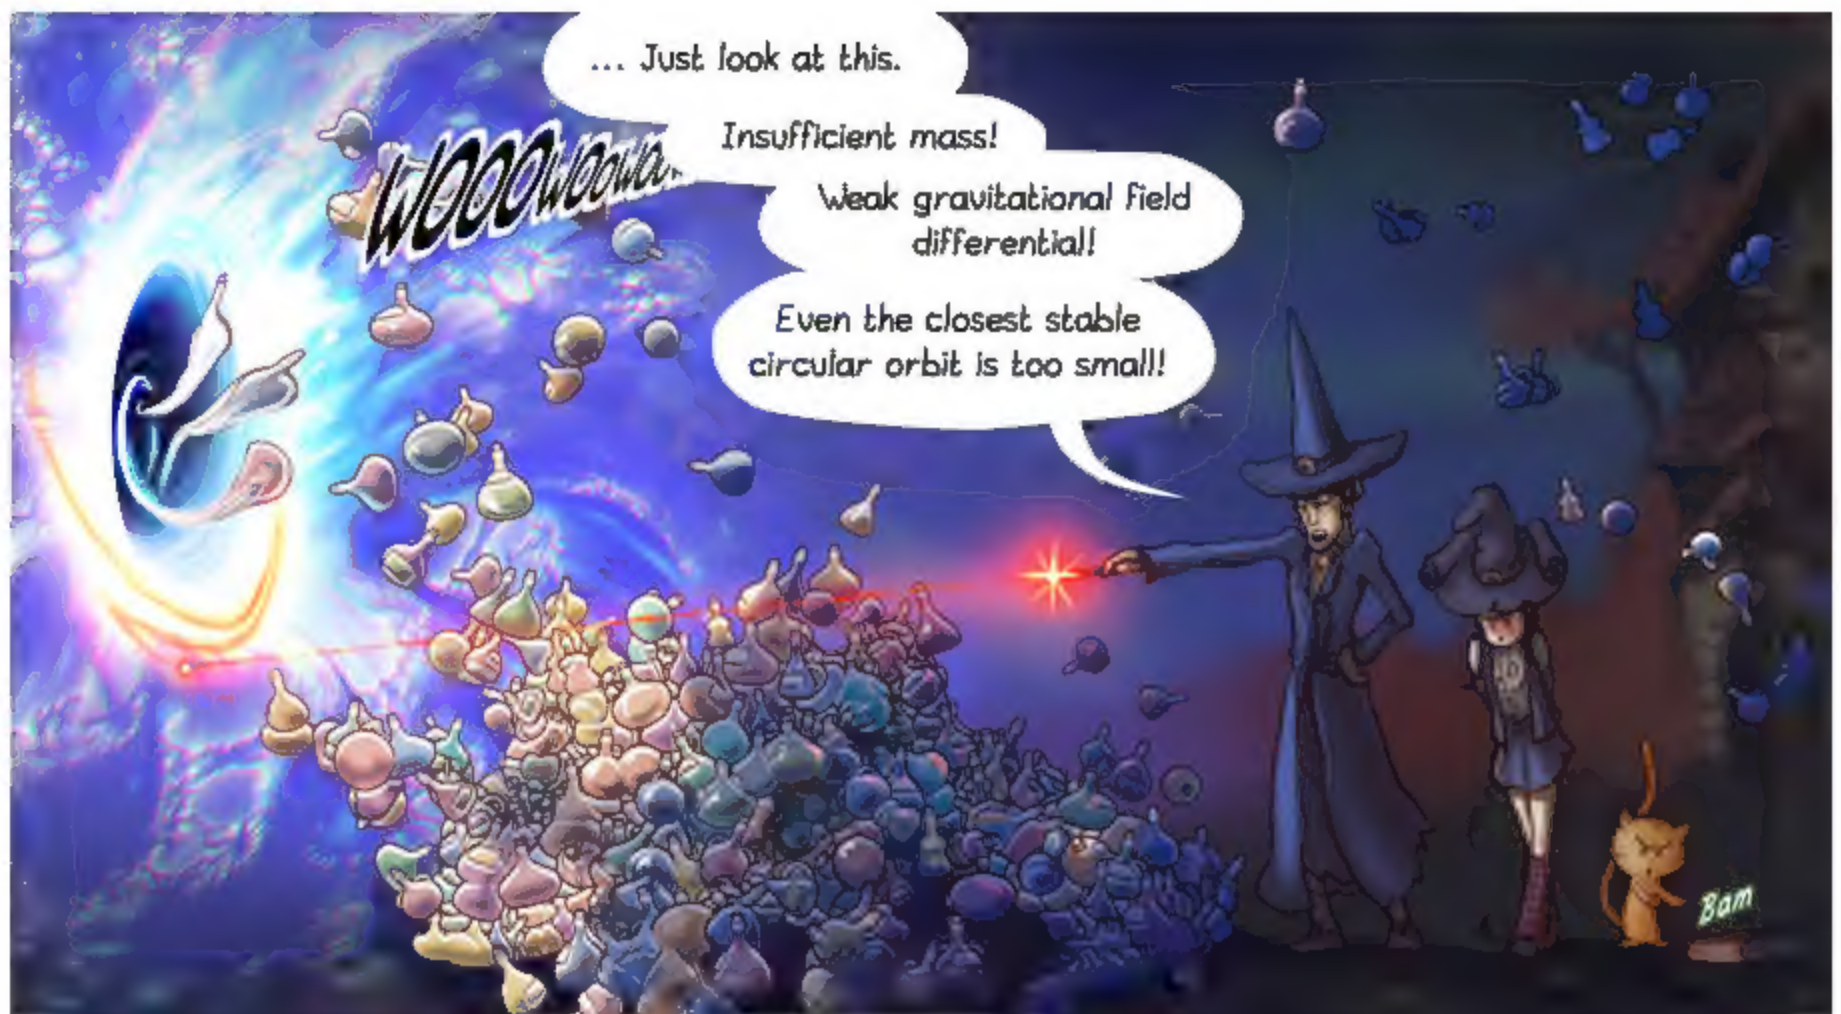

... Just look at this.

Insufficient mass!

Weak gravitational field  
differential!

Even the closest stable  
circular orbit is too small!

Woooooowwwww

And there you go:  
Nearly everything will gravitate to  
stable orbits or Lagrange points  
and stay floating around.

Even only a *slightly* larger  
Event Horizon would  
have done the trick!

Woooooowwwww
